March 18, 2014

NOTIFICATION OF MORATORIUM ON CLASS A GAMING LICENSE APPLICATIONS IN CONJUNCTION WITH A TAVERN LIQUOR LICENSE

Dear Licensees and Community Partners:

On March 18, 2014, the Board approved a moratorium for Class A gaming license in conjunction with Tavern Liquor license applications effective March 18, 2014 for up to ninety (90) days to allow time for staff and stakeholders to draft amendments to the Clark County Title 8, Liquor and Gaming Regulations.

Currently, Clark County Code 8.04.040(B) (3) Class A Slot Machine License permits the operation of 15 or fewer slot machines incidental to the primary business wherein the slot machines are to be located. The Board has directed staff and stakeholders to draft amendments for introduction that will clearly define the terms "incidental" and "primary."

During the moratorium, the Department is unable to accept applications for applications for Class A gaming licenses in conjunction with Tavern liquor licenses, except where:

- A current Tavern and Class A gaming licensee sells their business to a family member within a third degree of sanguinity; or
- An applicant has obtained an approved permit from the Clark County Department of Comprehensive Planning, Clark County Building Department, or the Southern Nevada Health District in conjunction with the proposed operation of a Tavern with Class A gaming license prior to March 4, 2014.

Applications for Class A gaming licenses in conjunction with Tavern liquor licenses received by the Department of Business License prior to March 4, 2014 will be processed in accordance with current Clark County Liquor and Gaming Codes.

Please direct any questions to Liquor and Gaming staff at (702) 455-4125.

Sincerely,

Jacqueline R. Holloway
Director
